

DELTA

The Platform Stairlift for In- and Outdoor

Reliable and safe on straight stairs

MOBILITY

The *Delta* platform lift is the perfect solution to make straight indoor and outdoor staircases accessible for the wheelchair driver. The smooth transport of electrically powered wheelchairs is guaranteed by a loading capacity of 300 kg.

DESIGN & COMFORT

Thanks to the aesthetically and user friendly design, this lift fits into any environment and will improve your independence and quality of life.

SPACE SAVING

Due to the extremely slim and compact design the platform occupies only a minimum of space, keeping the staircase free of obstruction.

HIGH QUALITY

The robust construction ensures a long working life and a reliable performance. Confirming to the highest safety and quality standards, the *Delta* is an inexpensive way to manage staircases in a pleasant way.
